

Twilight Pond Walk

PLEASE JOIN BCCD

for a relaxing evening on the property of Bob and Mary Frey as they invite you to experience the joy of wildlife diversity through natural pond management.

WE WILL BEGIN THE EVENING

at 4:00 PM with Mr. Frey giving an enthusiastic tour of his four ponds where he will talk about habitat diversity, natural aquatic landscaping, and the flora and fauna that call his ponds home. Following the pond walk a *BBQ meal provided by Antler Ridge Winery* will be served consisting of brisket and pulled pork, two sides, applesauce, refreshments, and dessert.

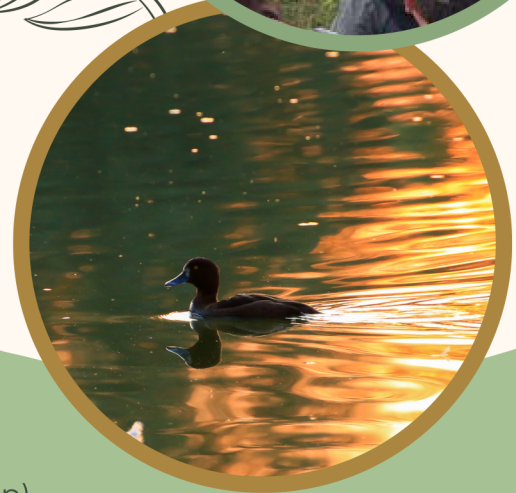

AFTER DINNER

we will complete the pond tour and, weather permitting, conclude the evening roasting marshmallows over a campfire at sunset while listening to the chorus of American toads, spring peepers, and tree frogs!

THIS WORKSHOP

is geared toward landowners looking for ideas to create or enhance habitat within and around their ponds as well as individuals just looking to enjoy a relaxing evening in nature with good food and good company.

For your safety no open-toed shoes or bear feet permitted for the pond walk

June 1, 2024 at 4PM: Rain Date June 8, 2024
